In the center of Inzell you start the small cross-country skiing tour. You can run the approximately one and a half kilometer long trail in classic or skating style without any inclines. Thanks to the short distance, the village trail is ideal for a short cross-country ski run in between and still offers you a fantastic view. On the one hand you have a wonderful view of the Inzell valley and the surrounding winter landscape, on the other hand traditional houses with wooden balconies and the center of Inzell await you.
