You start your cross-country skiing tour through the valley from the Inzell bathing park . The seven-kilometre-long cross-country ski run is particularly suitable for sporty cross-country skiers thanks to the varied gradients. Whether in classic or skating style, you'll really work up a sweat on this trail.

Accompanied by the sun, you run up the climbs with momentum over snow-covered meadows and fields. Passing the district of Reith, continue in the direction of Ed. Both locations reward you for the effort of the ascent with fantastic views. Let your gaze wander over the Inzell valley and the surrounding Chiemgau Alps and enjoy the peace and quiet for a moment. Walk past the Hutterer district in a southeasterly direction. Along the forest at the foot of the Teisenberg, the trail slowly leads you back to the starting point. You always have the Alps in view.
