**Waging - Nepomuk Chapel - Pilgrimage Church - Waging**

The **trail starts in Waging** and passes the cemetery. Under the main road, then to the right. At the **Nepomuk chapel**, the walker turns left and shortly afterwards turns right. The **short, promising ascent that follows** leads past **14 Stations of the Crossto the Maria Mühlberg pilgrimage church**. The walk **now reaches its climax** - with a **breathtaking view of Lake Waginger** and the foothills of the **Alps**. These distant views are a true reward for the effort of the hike. Due to its length and the few meters in altitude, the panoramic mountain is also an ideal destination for small summiteers.

You return past the church to a **large oak tree**. Here is another turning to the right, up to a forest ditch. The hiker now walks **along the stream** until you reach the bridge, which is at the beginning of the ascent path.
