Gasthof Hindenburghütte - Sulzner-Kaser - Info point - Anna-Kapelle - Brunnen - Memorial stone for woodworkers - Pflegeereck-Forstdiensthütte - Smuggler path - View Großvenediger - Durchkaseralmen - Viewing balcony - View to the Chiemsee - Straubinger Haus - Sulzner Kaser - Gasthof Hindenburghütte

Behind the **Gasthof Hindenburghütte** (minibus transfer for a fee) the hiking trail starts on the left on a tarred road. At a crossroads when **Sulzner-Kaser** a big **info point** pointing to all premium paths that start here. The hike leads here to the left in the direction of Pflegeereck. At the **Anna Chapel**, go right past the idyllic Obere Hemmersuppenalm to the next fork, where you come across a **fountain** .

At this intersection, the premium hiking trail continues to the left. The path, which then leads to the right in the direction of Pflegeereck, meanders over **boggy terrain** at a **memorial stone for woodworkers** into the forest. Over a wooden footbridge and a small **stream with a waterfall** , you continue on an old Jägersteig to a forest road that leads to the **Pflegeereck- Forstdiensthütte** leads.

We don't hike to the hut, but straight on. On this old **smuggler** path we come across a swath that marks the Tyrolean border. On the left we catch a glimpse of the namesake of this path, because in good conditions you can see the glacier-covered **Großvenediger** . The path winds its way up through increasingly alpine terrain. We get to the pasture area of the **Durchkaseralmen** , here we have to be careful not to miss a junction after a small rest bench on the right.

From the Durchkaseralmen the path leads to the right along a **mountain** path that looks like a **balcony** . Because here you have the best **view of the Bavarian Alpine foothills** with the Chiemsee. The path continues to the left through **mountain pines** . The almost alpine trail ends quite abruptly on another **alpine pasture** , opposite the Fellhorn can be seen.

Shortly after a knoll there is a fantastic **view of the Chiemsee** and the Kaiser Mountains. Now it is only a short distance to the **Straubing House** . Next to the house, the path leads back towards the **Hindenburghütte** . It goes downhill on a **gravel and stone path** , a brook babbles to the right. The **Sulzner Kaser** invites you to take a last rest. A few meters later the path leads back to the left.
