 *altitude difference:*
76 ascending

Location

Teisendorf

 *duration:*
04:30 hours

 *minimum altitude:*
491 meters

 *altitude difference:*
78 descending

Private brewery MC Wieninger - Höglwörth - Private brewery MC Wieninger

A hike in the footsteps of the **Wieninger brewery** - a special experience, because in addition to interesting facts, this tour also offers a lot of nature experiences: shady forests and blooming flower meadows, fresh air and relaxing silence. At ten stations along the way, hikers can find out about the raw materials needed to brew beer and the art of brewing beer. The symbol of the hike points the way: a hop tendril. The start for the tour is the **private brewery MC Wieninger**. Alternating sunny sections and shady farmer's paths take you to Höglwörth over **a distance of around twelve kilometers** in **about three hours**. The shorter variant ends at the local **Klosterwirt** - here you have the option of returning to Teisendorf by bus. Sturdy shoes are recommended. You can "refuel" with drinks directly in the Brauereiladl and set off with a backpack and picnic blanket - with the family or **with a club or with friends**. Grab the handcart and a beer carrier and experience a great day that offers the best entertainment for those who are thirsty for (knowledge) and hikers.
